Dear Mr. Asgian:

WASTE DISCHARGE REQUIREMENTS - PUENTE HILLS LANDFILL, WHITTIER, CA (FILE NO. 57-220)

Section 13263 of the California Water Code provides for the Regional Board's periodic review and revision of waste discharge requirements (WDRs) for landfill facilities. Because WDRs for the Puente Hills Landfill (Regional Board Order No. 90-046, adopted March 26, 1990, Order No. 91-035, adopted March 4, 1991, Order No. 93-070, adopted November 1, 1993, Order No. 94-103, adopted September 26, 1994, and Order No. 99-059, adopted March 26, 1999) no longer accurately reflect current conditions at the Puente Hills Landfill, we intend to revise them.

In accordance with administrative procedures, this Regional Board, at a public meeting to be held on October 6, 2005 beginning at 9:00 am., at the Metropolitan Water District of Southern California, 700 North Alameda Street, Los Angeles, CA, 90013, will consider adoption of the enclosed tentative requirements and written comments regarding any or all requirements thereof. It is expected that the Regional Board will take action at the meeting, however as testimony indicates, the Regional Board at its discretion may order further investigation.

Persons wishing to comment upon the tentative requirements are invited to submit comments in writing to the above address by the close of business September 16, 2004, in order to be evaluated by Regional Board staff and to be included in the Regional Board's agenda folder. Comments received after that date will be provided, ex-agenda, to the Regional Board for their consideration. Timely submittal of written comments is encouraged to ensure that all comments are accurately and fully included in the administrative record, that Regional Board staff is able to provide timely review, and that the Regional Board members have sufficient time to give full consideration to the comments and issues raised. Comments received after the requested date may result in delay in consideration of the tentative order.

A copy of the tentative requirements for the use of County Sanitation Districts of Los Angeles County is attached. We are sending a copy of tentative requirements only to the addressee.
